What, if any, aspects of the Showcase would you like to see changed?

- I would like to see the small businesses know more about the large business and convey what programs they are targeting. Possibly event having them come with SBIR opportunities they are looking to team on.
- A few more qualified companies
- The sequence overall was better this time, table dynamics are still a little awkward. We actually went around the table and did it more cooperatively with everyone at the table. It was interesting!

What, if any, suggestions do you have for future events?

- Continue fine-tuning the overall sequence and the 'at' table dynamics. Meeting dynamics are very different depending on before or after overall presentations, maybe all pitches up front?

Additional Comments:

- Thanks again - look forward to next year
- First time for me - good venue
- Mic short was annoying but the projector was the best of any event yet
